USA AT A GLANCE

- The USA has a population of near about 329.45 million (32.9 Crore) people and consists of 50 States.
- The USA is situated in the Central North America and lie between the Pacific and Atlantic Oceans, bordered by Canada to the North and Mexico to the South.
- **The US economy is the world's largest national economy which is 8th highest per capita GDP.**
- It has more than 7,000 universities spread across the 50 states.
- Today, 64% of research and development funding comes from the private sector in the U.S.A.
- The United States leads the world in scientific research papers. They possess high levels of technological consumer good and almost half of U.S. households have broadband Internet access.
- The United States is one of the world's most ethnically diverse nations, the product of large scale immigration from many countries. **The beauty of USA lies in its multiculturalism; USA is the land of education. People around the globe have made USA their home and contributed to its prosperity.**
- Some of the **famous cities are:** New York, New Jersey, Chicago, Boston, Philadelphia, Detroit, San Francisco, Washington, D.C., Los Angeles, Las Vegas, Houston, Dallas, Seattle etc.
- Some of **famous states are:** California, Connecticut, Florida, Illinois, Iowa, New Jersey, New York, Texas, Oklahoma, Virginia, Washington, West Virginia etc.
- USA is the primary developer and grower of genetically modified food, representing half of the world's biotech crops.
- In a few decades, country's economy has achieved **sturdy growth with more employment facilities and low inflation, and quick development in advance technology and research field.**
- The U.S. economy is the largest national economy in the world, with a nominal 2006 gross domestic product (GDP) of more than US\$ 13 trillion (over 19% of the world total based on purchasing power parity).
- The United States largely developed The Advanced Research Projects Agency Network (**ARPANET**)
- USA currency - \$1 USD = Approximately 72 Rs. (Based on current market rate subject to change).
- Per capita Income of USA is - \$65,112 USD p.a. (as of 2019)
- **There is a strong presence of Gujarati community (15 lacs) and as well as Indian community in USA, more than 39 lacs (approx.) Indians got settled at USA.**
- The U.S. is the world's third-largest producer of oil and second-largest producer of natural gas. It is the second-largest trading nation in the world behind China.
- Around 15% of new startups in Silicon Valley are founded by Indians.
- 36 % Scientists at NASA are Indians or almost 4 out of 10 scientists are Indians.
- 34% employees at Microsoft, 28% at IBM, 17% at Intel and 13% at Xerox are Indians.
- One in every 3 Apple engineers is Indian. 0.9% of the U.S. population are INDIANS.
- In 2019, around 196271 students from India went to USA for study.
- International students contributed dollar 44.7 billion to the US economy in 2018, an increment of 5.5% from last year.

WHY USA only?

- Currently more than 2,50,000 Indian students are studying in USA.
- Getting Visa is no bar for right students and an attitude of US Consulate is very positive.
- The United States of America is termed as the best place to study given the research work and level of education.
- Education in the United States is mainly provided by the public sector, with control and funding coming from three levels: federal, state, and local. Child education is compulsory.
- Student's growth is better and has a lot of potential in the UNITED STATES given their further education because of the international exposure and the multi-cultural.
- USA being an English speaking country has helped thousands of students to blend themselves in the USA environment and come up in life.
- **More number of scholarships are available than any other country.**
- Various jobs are available for Engineers, Health care, Health management, IT Industries, Finance, Marketing, H.R.M, Nursing, Pharmacy, Biotechnology, Mechanical & Civil Engineers and salary scale is very high compared to other countries.
- **The U.S. degree offers excellent value for the money programs and the students get a global exposure in their chosen field.**
- The student can choose a US education from a wide range of tuition fees and living costs starts minimum from US \$ 15000 - 45000 and also can get financial aid from some of the colleges to make the study affordable.
- **In last 20 Years, Students from all over India have chosen USA at their destination and have successfully settled in USA.**
- Very rich settlement history. There are thousands of Indians working in top fortune companies like Apple, IBM, Microsoft, Google, Cisco, Adobe, Intel, Accenture etc....
- Bright chance to get jobs in the **FORTUNE 1000 COMPANIES.**
- Plenty of Job opportunity working on-campus, Internship, assistant fellowship available at US universities.
- Strong presences of Indian community more than **39 lacs Indian** are residing currently in USA.
- Most countries in the world are trading with USA, so job opportunities are numerous.
- Compared to other parts of world. **More numbers of Indians, particularly Gujarati's are settled in USA and since last 25 years.**
- 12 months Optional Practical Training (OPT) available on the completion of the study
- **The Leading Edge Technology - The United States is the leader in many areas of technology and research.**
- U.S. universities and colleges may differ from your Home Universities because of their Unique Higher Education System
- **You can extend your Reach and Network at United States. Which will help you to boost your career and it will help you to get work experience while you are in USA.**
